Objective

Full Stack Developer and Computer Science student with experience in both Front-End and Back-End development using HTML, CSS, JavaScript, React.js, and ASP.NET Core. Passionate about building responsive, scalable, and user-friendly web applications and seeking an opportunity to apply my skills in a real-world environment.

Education

Nahda University in Beni Suef (NUB) Oct 2023 – Jul 2027
Bachelor of Computer Science (Fourth Year)
GPA: 3.00 / 4.00

Experience

Back-End ASP.NET Course - Route Academy Jul 2025 – Jan 2026
- Developed scalable RESTful APIs using ASP.NET Core and C# following Clean Architecture principles.
- Optimized database performance using SQL Server and Entity Framework Core (EF Core).
- Implemented secure Identity systems for authentication (JWT) and authorization.

Front-End Development (Self-Learning) Jan 2024 – 2025
- Built responsive and interactive web applications using HTML5, CSS3, JavaScript, and React.js.
- Developed multiple personal projects focusing on clean UI design and user experience.
- Created reusable React components and implemented modern front-end development practices.
- Integrated REST APIs and displayed dynamic data within web applications.
- Applied responsive design techniques to ensure compatibility across different devices and screen sizes.
- Used Git and GitHub for version control and project management.

Winter Training - ITI Jan 2025 – Feb 2025
- Learned web development using PHP, HTML, CSS, JavaScript.
- Worked with MySQL database integration.

Volunteer - YLY Ministry of Youth and Sports Aug 2025 – Jun 2026
- **High Committee Member:** Managed large-scale events and thematic planning, coordinating with Planning and Workshop leads.
- **Leader of Competing Team (Eureka):** Led a team in creative problem-solving challenges using "Outside the Box" methodologies.
- Facilitated communication and teamwork strategies to execute events like "Code to Cash" and "Learn Kemet."

IEEE Fayoum – Student Activity (Volunteer) Nov 2025 – Jun 2026
- Participated in technical events and workshops.
- Worked in team-based academic and organizational activities.
- Developed communication and collaboration skills.

Projects

Personal Portfolio Website GitHub — Live Demo
- Built responsive portfolio using HTML, CSS, JavaScript.

Restaurant Website GitHub — Live Demo
- Developed responsive restaurant website using React and JavaScript.

Nike Shoes Website GitHub — Live Demo
- Built e-commerce UI using React and frontend technologies.

E-Commerce Web API GitHub — Live Demo
- Developed RESTful API using ASP.NET Core.
- Implemented CRUD operations and authentication system.
- Connected application with SQL Server using Entity Framework.

Skills

Backend: ASP.NET Core, C#, RESTful APIs, Entity Framework
Frontend: HTML, CSS, JavaScript, React
Database: SQL Server, MySQL
Tools: Git, GitHub, SDLC, STLC, Microsoft Word, Excel, PowerPoint, Google Sheets
Concepts: Data Structures, Algorithms, OOP, Software Engineering Basics
Soft Skills: Communication, Teamwork, Leadership, Problem Solving

Languages

Arabic (Native)
English (Good)
